

2.6 DRAINAGE CORRUGATED PIPE.

Application: Drainage buried in building and civil engineering works.
 Standard: UNE 53994 - C2 ED
 Joint system: Sleeve
 Mercado: According to specification
 Color: Black, other colors consult
 Availability: - In rolls of 50 m DN 110 tubes
 - In rolls of 25 m DN 160 tubes
 - In bars of total length 6 m

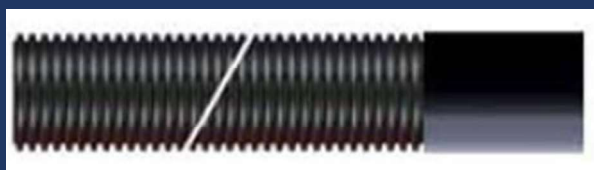

Type TP 360°

Rolls Drainage- PE WITH SLEEVE Included

DN/OD mm	Di/ID mm	Price pipe €/m	Price sleeve €/u
110	92.5	2,66	1,43
160	136.6	4,66	2,81

BARS DRAINAGE-PE WITH SLEEVE Included

DN/OD mm	Di/ID mm	Price pipe €/m	Price sleeve €/u	U/P Pipes per palet	Totals meter per palet
110	92.5	2,66	1,43	120	720
160	136.6	4,66	2,81	53	318
200	169.7	7,13	4,60	34	204

All the bars are partially perforated, with 4 perforations uniformly distributed in an arc of approximately 240°. This design performs the function of a vaulted tube but with greater resistance to crushing

NOTE: All tubes are supplied with sleeve

-Available in Large Diameter up to 1200mm.Consult

Type DP

240°
