

## 2.2 IGNIFUGES Polyethylene PIPES for TELECOMMUNICATIONS

Application: Telecommunications, interior of tunnels, metro, buildings  
 Standard: Specification and UNE-EN 13501  
 Flame class: fire, combustion, fumes and dripping B-s1, d0  
 Joint system: Mechanical unión fitting  
 Marking: According to specification  
 Color: To agree  
 Suministro: Rolls. Consult other diameters, thicknesses and lengths

Ignífuges	DN /OD mm	Thickness mm	DI/ID mm	PN bar	Rolls LENGTH m
MONO-TUBES	32	3.0	26.0	10	300/500
	40	3.5	33.0	10	250/500

**OTHER DIAMETERS, FORMATS (TRI-TUBES, BI-TUBES ...), THICKNESSES TO CONSULT**

**Minimum production runs per color are required to be able to schedule manufacturing.**
